

# INFORMATION SHEET

## *Basic Boardroom Presentation System.*

When it comes to presenting your message to clients or staff, you need a reliable and easy to use communication system. Bendigo Audio Visual has a solution for your AV requirements of your next Boardroom. We can design a system to suit your needs while providing detailed instructions and training on how to get the most from your new system. Most basic systems will comprise of a ceiling mounted Projector with some form of audio speakers to suit the room. Important areas to consider are what you imagine the system will be used for. High detailed graphs versus DVD training videos may impact the required equipment which is installed.

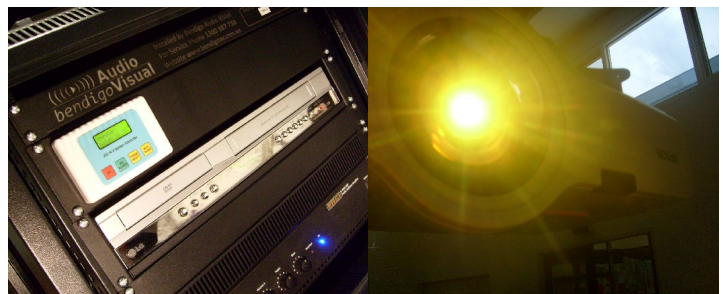

Because every organisation's needs are different there will be different requirements to be considered when designing and installing your boardroom system. Some options include;

- Motorised screens,
- Wall mounted LCD/LED screens,
- Surround sound Audio,
- Touch screen control systems,
- Hearing enhancement devices,
- Desk and Floor connection boxes,
- Video and Audio conferencing,
- Lighting, HVAC & Room Booking Control.
- Multi Screen Matrix System.

We also upgrade or expand existing systems. With today's technology it's up to your imagination as to what can be achieved.

- ✓ **Discuss the needs to the system with the end user.**
- ✓ **Consider installing smart control systems which reduce long term hassle.**
- ✓ **Choose power saving and energy efficient equipment.**
- ✓ **Allow for future system expansion.**
- ✓ **Consider Australian Made quality products.**
